DATA SCIENCE MEETS SOCIAL SCIENCE

Join the **Data Science Program** and the **Social Science Research Commons** for our second symposium exploring the possibilities offered by combining the tools and insights of data science and social science. Hear from featured speakers, connect with others at our networking lunch, and join us for a panel and discussion with current and former graduate students.

FEATURED **SPEAKERS**

BREA PERRY
Professor of Sociology

DAVID CRANDALL
Associate Professor of Informatics and Computing

DAMIR CAVAR
Associate Professor of Linguistics
